

Aims and Scope

International Journal of Scientific Footprints SF is the peer-reviewed journal for rapid dissemination of research in all areas of science. The journal gives priority to quality research reports, theoretical or empirical, that develop our understanding of innovations that are taking place in daily life. *International Journal of Scientific Footprints SF* gives prompt and equal consideration to papers reporting theoretical, experimental, applied and descriptive work in Life Sciences, Health Sciences, Physical Sciences, Agricultural Sciences, Social Sciences and Humanities. *International Journal of Scientific Footprints SF* features original research articles, reviews, editorials, and hypotheses. Original research papers must report well-conducted research with conclusions supported by the data presented in the paper. *International Journal of Scientific Footprints SF* publishes papers submitted directly to the journal and is an Open Access journal. The journal is one of a new series of peer-reviewed titles publishing quality research with speed and efficiency. For further information visit the journal website at <http://www.scientificfootprints.com>

Open Access and Copyright

All articles published by *International Journal of Scientific Footprints SF* are fully open access: immediately freely available to read, download and share.
